A $13 million renovation project is transforming the Chao Family Comprehensive Cancer Center into a more spacious, nurturing and healing environment for our patients as they undergo treatment to regain their health.

For patients in the Infusion Center, this progress will require a temporary relocation. When completed, the cancer center improvements will include:

- A new, covered portico and valet parking station at the cancer center’s front door, offering patients easy entry and protection from the elements.
- A new Resource Center, complete with computers and a library to help patients and their families learn more.
- Remodeled rooms for radiation therapy services.
- Remodeled physicians’ office suites and waiting areas.
- An expanded Infusion Center with 10 private rooms and 20 semi-private bays that have chairs facing windows to provide natural lighting and a peaceful view of the outdoors. All treatment bays will have private television sets with DVD players.

During the construction work, the Infusion Center will be relocated to the first floor of UC Irvine Douglas Hospital in February. Patients undergoing chemotherapy will receive their treatments in the relocated Infusion Center. We apologize for the disruption during your care, and we will do everything we can to ease your transition and make you comfortable in your new setting.

Here are a few measures that may help:

- **Valet Parking.** Your driver can drop you off just steps from the entrance to UC Irvine Douglas Hospital, and signs inside the hospital will guide you to the Infusion Center. The valet parking station is located at the west entrance to UC Irvine Douglas Hospital, off Tower Road.

- **Guest Shuttle.** If you are at the Chao Family Comprehensive Center, you can ride the guest shuttle to UC Irvine Douglas Hospital. Shuttles stop in front of the cancer center to pick up guests every 10 minutes.

- **Friendly Staff.** The location may be different, but your Infusion Center staff will be the same. Your nurses, pharmacists, volunteers and other friendly support staff members are traveling with you to the new location.

- **Extra Amenities.** Inside UC Irvine Douglas Hospital, there are a number of features your companions may appreciate while waiting for you. They can enjoy freshly prepared meals and snacks in the Dining Room; they can shop in The Gift Spot; and they can relax in the beautiful, comfortable and tranquil lobby of UC Irvine Douglas Hospital.

We regret any inconvenience this temporary relocation may cause, and we will work to resolve any difficulties you may experience. If you have any concerns or questions, please do not hesitate to ask any of our staff members. Or you may call us at 714.456.6223. Thank you for your understanding during this time of transition.
