

Neurological Surgery

Grand Rounds

Infections, antibiotic resistance and superbugs: A neurosurgical perspective

Shruti K. Gohil, MD, MPH

Associate Medical Director, Epidemiology &

Infection Prevention, Infectious Disease

Assistant Clinical Professor, Infectious Disease

UC Irvine Health School of Medicine

Friday, Nov. 1, 2013

9 to 10 a.m.

Manchester Pavilion, Building 200

200 S. Manchester Avenue

Executive Classroom 212 (2nd Floor)

Statement of Purpose: Grand rounds in neurological surgery have been designed to discuss current clinical research as it relates to neurosurgery practices, analyze cases and discuss patient care and treatment and to identify changes in healthcare system and best practices in the specialty.

Global Objectives: 1. Identify the scope of current neurosurgical disorders seen in clinical practice. 2. Critically define modern advances in neurosurgical techniques and methods along with their indications. 3. Discuss the outcomes of neurosurgical disease treated surgically.

Target Audience: Neurological surgeons, neurologists, neuro critical care, ENT, orthopedic surgeons, trauma surgeons, PM&R rehab, physical therapists, radiology, pathology and others interested in neurosciences. The topics chosen focus on continuing education in neurosurgery and are particularly directed toward the neurosurgical faculty and residents as well as practicing neurosurgeons in the community .

Accreditation Statement: The University of California Irvine School of Medicine, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement: The University of California, Irvine School of Medicine designates this live activity for a maximum of 1 *AMA PRA Category 1*

activity for 1 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Lecturer: Dr. Shruti Gohil declares that she has no financial interest with **manufacturer** (s) or commercial product or apparent conflict of interest related to the content of her presentation. She further disclosed that she will not be discussing the use of any unlabeled/unapproved drugs or devices.

Disclosure: Course Director/Planners: Daniel Yanni, MD , as activity director, John Kusske, MD, and Frank PK Hsu, MD, as part of the CME advisory committee, and Meri Dailey, as administrative staff, have disclosed that they have no affiliations, arrangements or financial agreements which could be perceived as a potential conflict of interest.

ADA Statement & California Assembly Bill 1195: In compliance with the Americans with Disabilities Act, if you have any special needs, please contact Meri Dailey at 714-456-7495, 3 days prior to the meeting. This activity is in compliance with California Assembly Bill 1195 which requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. For specific information regarding Bill 1195 and definitions of cultural and linguistic competency, please visit the CME web site at www.meded.uci.edu/CME.
